DEDICATION TO THE TRADES

Since the company began in 1924, Milwaukee Tool has led the industry in both durability and performance. With an unwavering commitment to the trades, MILWAUKEE® continues to lead with a focus on providing innovative, cordless, trade-specific solutions. MILWAUKEE® is dedicated to delivering a steady stream of advanced solutions for the trades that offer increased productivity and unmatched durability.

GAME-CHANGING SOLUTIONS

At MILWAUKEE®, the phrase “good enough” doesn’t exist in our vocabulary. Our goal is to solve problems in ways that have never been done before. The result: tools that offer unmatched levels of performance, productivity and durability.

BUILT ON THE BEST FOUNDATION

REDLITHIUM™ BATTERIES

They last longer, think faster and work harder than all other professional LITHIUM-ION batteries. Built to withstand even the harshest environments, REDLITHIUM™ Batteries deliver more work over the life of the battery, no matter what the job.

MILWAUKEE® HIGH PERFORMANCE MOTORS

Highly advanced motor technology boosts efficiency, generating more power from a compact power source. That means the ultimate performance, durability and run-time comes in a smaller, lighter package.

REDLINK™ INTELLIGENCE

An advanced combination of hardware and software, REDLINK™ Intelligence enables full-circle communication between our batteries and tools, allowing for unmatched levels of performance, protection and productivity.

USER-DRIVEN INNOVATIONS

Instead of making assumptions about what users need, we set out to deliver disruptive innovation by getting out on the jobsite, alongside trade professionals, to understand their challenges – the frustrations, needs, previous limitations. We set out to completely rethink a solution with new-to-world technology and unparalleled levels of design and engineering. Whether it's bringing cordless power to traditionally corded products and manual activities, or advances to fundamental tools, we're driven to improve workplace productivity.

M18 FUEL™ 8-1/4" Table Saw w/ ONE-KEY™

GENERATES 15A CORDED POWER | **24½" RIP CAPACITY** | **RIP UP TO 600 LFT PER CHARGE**

The world's first 18V table saw, the M18 FUEL™ 8-1/4" Table Saw w/ ONE-KEY™ generates the power of a 15 amp corded saw. With a rip capacity up to 24-1/2" and a vertical capacity up to 2-1/2" to tackle 2x dimensional lumber, this saw boasts the impressive capacity that users have come to expect on a traditional corded table saw. Equipped with ONE-KEY™, users can also easily track, manage, and secure the table saw through the ONE-KEY™ app on their phone.

M18™ FORCE LOGIC™ 10 Ton Knockout Tool

THE EASIEST WAY TO PUNCH

The MILWAUKEE® Knockout System makes every step in the hole making process both faster and easier. The EXACT™ Punches and Dies are set up separate from the tool for extreme ease of use, utilizing a quick-connect alignment system that allows users to snap the tool onto the punches and dies without fighting against its weight, and pull the trigger to punch the hole with ease.

M18 FUEL™ 1-9/16" SDS Max Rotary Hammer

AS FAST AS CORDED | **CORDED DURABILITY** | **OVER 20 MIN OF CHIPPING**

The M18 FUEL™ 1-9/16" SDS Max Rotary Hammer is the first SDS Max 18V cordless solution of its kind. By utilizing proprietary M18 FUEL™ technologies, the 1-9/16" SDS Max rotary hammer is able to drill as fast as a corded SDS Max rotary hammer, deliver corded durability, and provide over 20 minutes of continuous chipping.

M18 FUEL™ SUPER HAWG™ 1/2" Right Angle Drill

POWERS THROUGH 6" HOLES | **OVER 150 2-9/16" HOLES PER CHARGE** | **CORDLESS ROUGH-INS**

The first cordless tool of its kind, the M18 FUEL™ SUPER HAWG™ delivers the power and run-time to complete full cordless rough-ins. Optimized for large-diameter hole drilling, the M18 FUEL™ SUPER HAWG™ powers through 6" holes and has the ability to drill over (150) 2-9/16" holes per charge. The QUIK-LOK™ chuck provides quick, one-handed bit changes, eliminating downtime and increasing productivity.

M18 FUEL™ 1-1/2" Magnetic Drill

FASTER THAN CORDED | **STRONGEST MAGNETIC HOLD ON 1/4" STEEL** | **76 13/16" HOLES PER CHARGE**

The M18 FUEL™ Magnetic Drill delivers performance and run-time expected by corded magnetic drill users. This tool utilizes permanent magnets to ensure the magnetic base does not deactivate even if the battery is drained. The M18 FUEL™ Magnetic Drill also delivers the strongest magnetic hold on 1/4" steel and a magnetic base that operates without electricity, providing a safer drilling environment on 1/4" steel.

M18™ ROCKET™ Tower Light/Charger

STAND UP. LIGHT UP. CHARGE UP.

The M18™ ROCKET™ Tower Light/Charger is designed to deliver a lighting solution that adapts, performs, and survives professional use unlike any other portable work light. The light head can be extended from 4' – 7' to light overhead work or minimize shadows when casting light downward. The multi-directional light head gives users the ability to orient the three independently pivoting light heads to cast light in several directions. With an integrated AC plug, users can plug in the light with a standard extension cord and charge any M18™ REDLITHIUM™ Battery Pack.

INDUSTRY LEADER IN CORDLESS INNOVATION

Milwaukee Tool is committed to driving unrivaled performance and productivity for the professional trades through our groundbreaking developments in cordless technology.
